Learn usability testing

Scenario

You're a third year student on the joint programme *BSc Artificial Intelligence and Mathematics*. This semester you are studying a course called Computer Security. It's week 3 of the course.

Task 1

You want to check the deadline for the first piece of coursework and see if it clashes with any other coursework deadlines. Using the Learn course site, find out the deadline for the first piece of coursework, and then see if it clashes with coursework deadlines for any other courses on which you are enrolled.

Task 2

You missed the third lecture of week 1 because of sickness. You'd like to watch the recording so you can catch-up. Using the Learn course site, find and play the third lecture of week 1.

Task 3

You're going to visit family for the weekend and you'd like to do some reading on the train. The last time you used the LNER service their wifi wasn't working. You'd therefore like offline access. Using the Learn course site, find the required textbook for the course and see if you can download or print a section of the textbook.

Task 4

On the return train journey, you'd like to familiarise yourself with the content of the last lecture you attended (called Cryptography – asymmetric encryption). Can you open the lecture notes from this lecture?
