

# The Retention Center coming to Learn in summer 2013

The screenshot shows the 'Retention Center' interface. At the top, there's a navigation bar with 'Evaluation > Retention Center'. Below that, the title 'Retention Center' is displayed. A horizontal bar shows student counts: 18 (green), 20 (pink), 4 (blue), and 6 (yellow). A tooltip above the blue bar says '4 students didn't contribute'. Below this is a table with columns for 'MISSED DEADLINES', 'GRADES ALERT', 'ACTIVITY ALERT', and 'ACCESS ALERT'. The first row shows 'Jerry Westley' with red dots in the 'MISSED DEADLINES' and 'ACTIVITY ALERT' columns. A popup window titled 'MATCHING RISK FACTORS' is open over Jerry Westley's row, listing: '1 deadline has been missed by more than 5 days', '3 deadlines have been missed by more than 2 days', and 'Midterm Test has been missed by more than 2 days'. A summary box in the popup says 'Missed Deadlines: 3' with a link to 'View late submissions'. At the bottom of the popup are 'Monitor' and 'Notify' buttons. Below the popup, other student names like Kerry Kwok, Hilary Lopez, and Ray Gonzalez are visible in the table.

## Students you are monitoring

This section lists students being monitored. Each entry includes a profile picture, name, and a list of statistics: 'Last Access', 'Activity average', 'Grade average', and 'Missed Deadlines'. For example, Kerry Kwok's last access was '3 days ago', activity average is '10% below', and grade average is '10% above'. Other students listed include Jerry Westley and Hilary Lopez.

This replacement for the 'Early Warning System' provides an easy way for you to discover which students in your course are at engaging. Based on preconfigured rules and rules you create, students' engagement and participation are visually displayed. From the Retention Center, you can communicate with students and help them take immediate action for improvement.

**Your Course activity**  
For instructors, this shows a collection of your activity, engagement and participation in your course and may be useful for reflecting on what is working for you and your students.

This screenshot shows the 'Your course activity' section for Sally Smith. A blue arrow points to the 'Your course activity' header. On the right, a box highlights 'Last login: Feb 4, 2013 @ 9:12 AM'. The activity is categorized into three sections: 'ASSESSMENT', 'INTERACTION & COLLABORATION', and 'LEARNER SUPPORT'. Under 'ASSESSMENT', items include 'Chapter 1 Assignment' (1 pending, 8 days), 'Chapter 2 Peer Assessment' (1 pending, 2 days), 'Bio Blog' (1 pending, 1 day), and 'Journal Assignment 2: The Unifying Principles of Biology' (5). Under 'INTERACTION & COLLABORATION', items include 'Discussion Board' (12, last activity 1 day), 'Blogs' (5, last activity 1 day), 'Journals' (0), and 'Groups' (8). Under 'LEARNER SUPPORT', it shows 'Announcements posted: 1' with a link to 'Post an announcement' and 'Last posted on Feb 4, 2013:'. A 'COURSE DESIGN' section shows 'Last content created on Jan 23, 2013:' and an 'Advanced Quiz'.
