

# Teaching Hour – How to use your teaching support budget to best effect

The Teaching Hour, in the School of Informatics, on February 24th 2022, focussed on “How to use your teaching support budget to best effect”.

Abstract from the event: “In Informatics course organisers have a budget to spend on employing staff and students as teaching support: tutors, demonstrators, teaching assistants, markers and any other roles help to support teaching and learning on courses. In this session colleagues detailed what the various teaching support roles are and who can take them on. They then illustrated and discussed different choices of learning activities in examples of Informatics courses”.

The recording from the session can be viewed, via Media Hopper Create, at this link [here](#). And the slides used during the session can be viewed, via Sharepoint, at this link [here](#).
