

Miro – collaborative virtual whiteboard

The University has recently brought in an institution-wide license for Miro, which is an online whiteboard/canvas tool that allows for collaboration. You might find it really useful for some teaching activities where you want to gather students' thoughts or for them to work with each other in a digital space. There are a range of templates you can use based on what type of project or activity the students are doing.

Miro also integrates with a number of the other University tools, such as Teams and OneDrive.

For further information on how to log in to Miro (using your UoE account), set up and manage boards, etc., please see the University's [IS pages on Miro](#).

Feel free to get in touch with us, if you would like to discuss ideas for using Miro (or other digital tools) in your teaching.
