CodeGrade

Following a successful pilot in 2019-20, pre-honours Informatics students will have access to [CodeGrade](#) for select courses. Please get in touch to see if there is a budget to cover a CodeGrade license for your course.

You can find helpful videos covering all aspects of your interaction with CodeGrade on their YouTube channel here: https://www.youtube.com/channel/UCedAzCujQ7aT2pFbnzlMc8Q/playlists.

If you do not have access to YouTube, or prefer your guidance in text format, you can find extensive documentation on using CodeGrade here: https://docs.codegra.de.
