

Greetings everyone,

Below you will find your list of tasks for AML for week 2.

Q&A Session

* Attend this week's class session (Tue at 9am in Appleton Tower, Lecture Theatre 5)

Lectures

* Make sure you have watched the videos from week 1

* Watch the videos for the two new lecture topics for this week - Naive Bayes Classification and Logistic Regression

* Ask questions on Piazza for any parts you are not clear about

Labs

* Complete the introduction Lab 0. The link is available on the course webpage. If you are having issues with this Lab, please attend one of the drop in labs on Wed or Fri of this week (see below)

* Start working on Lab 1 in advance of your scheduled lab session next week
