

Portrait game

**Roll the dice to
draw a
Picasso—style
face**

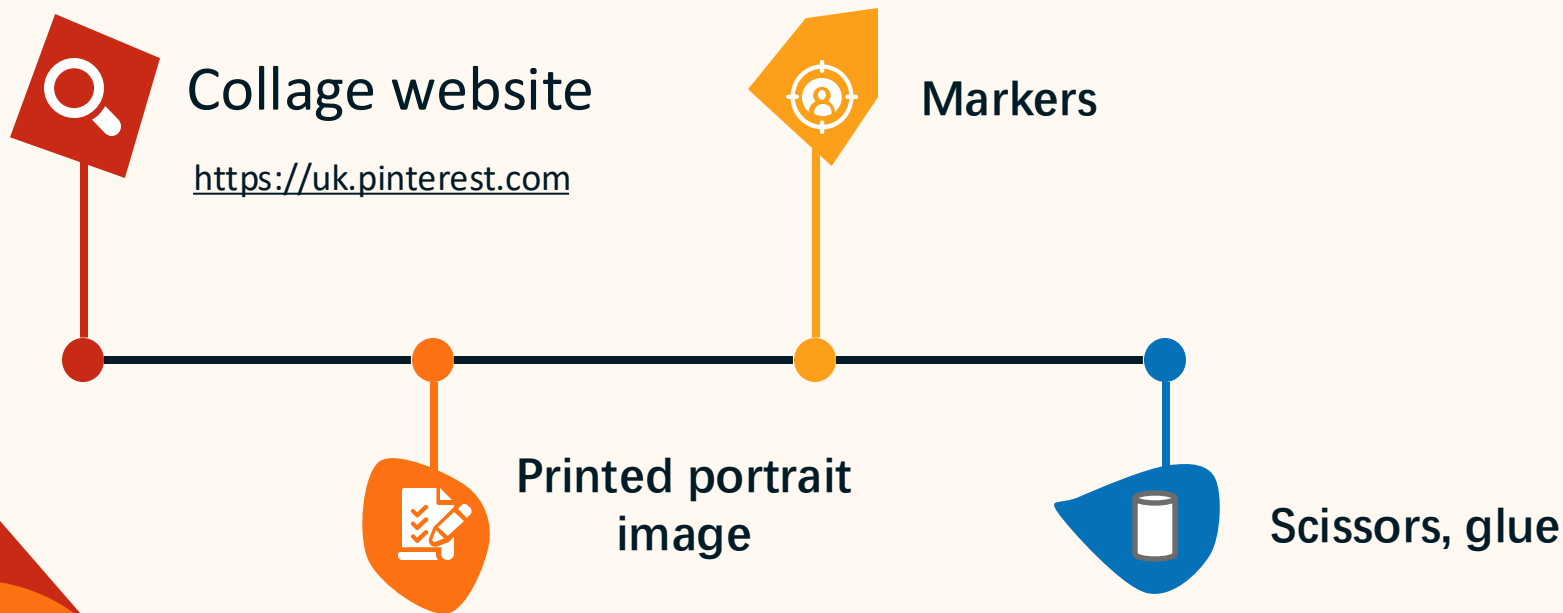

Participation Method

There are two ways to participate, the first offline mode, where you can make a painting using a real cut collage of materials. In the second online mode, I will attach a material package for everyone to use.

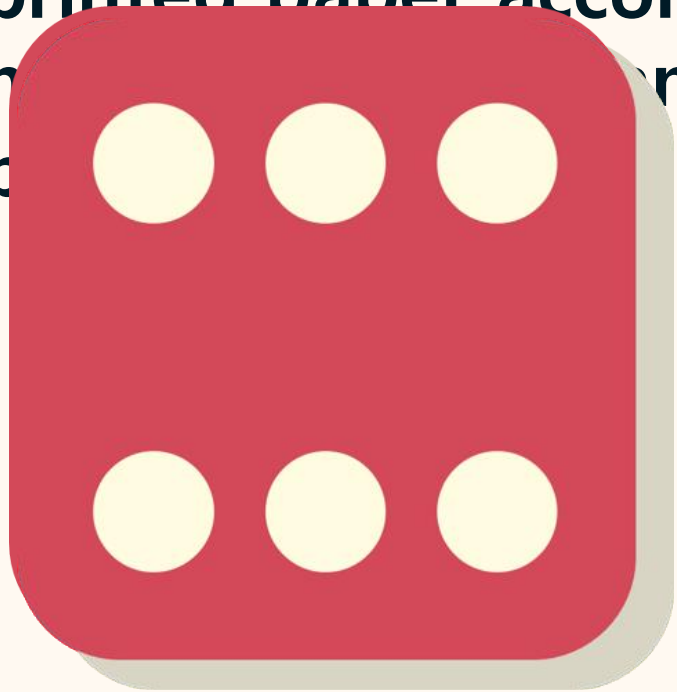

You can also use the materials in the collage material website to make an electronic painting on the website. Of course, you can also use mobile phones and ipad to draw.
