

SUMMERHALL 'DINNER'

INSPO / THEME - ART DINNER TABLE / ART AS SUBSTANCE

Kinda like a workshop but in a new / more stylized form

A set table set up and decorated in the space, centred as the main event of the occasion where the activity happens. Activity could happen either at the table or around it? Get participants engaged
Formatted like a dinner party? Starter ? Main? Desert? A time allowance and organized event?

Involve table scaping - jugs - plates - cutlery - the tablescape could include the artwork of other artists - the concept of the table itself being an artwork and how we physically engage with that?

IDEAS FOR THE COURSES -

- invite performance art in to perform at the table (san lobster)
- invite people at their plate to make their own response (das dry clay)
- postcards
- spring time ritual
-

LOGISTICS

Should be cool to do an invite only event - controlled numbers / placesetting and personalised invites (inclusion issues obv) - could be done like a menu invite, eg. starter - etc

Invite other ECA students? Take the audience outside of our course and previous engagement with the material

Needed

- table
- table scape materials
- chairs
- materials for courses

DATES

THURS 20TH - Planning
