

## Public Lecture Series

### Realist Evaluation

The keynote speaker is **Dr Gill Westhorp**, Director of Community Matters, a consultancy business based in South Australia. Community Matters undertakes service, program and project evaluation and specialises in realist evaluation (not just “Does this work?”, but “For whom, in what contexts, and how does it work?”)

Gill has worked in the community services and health industries for over 25 years, in service delivery, policy, training, management and consultancy roles, in both Government and non-Government sectors. She has worked in community health; community development; education, employment and training; and crime prevention.

As well as a presentation from Gill, there will be two short presentations from:

**Lawrence Doi** (Stirling University). A realistic evaluation of Alcohol Brief Interventions (ABIs) in the antenatal setting

**Liz Levy** (Scottish Government). Parole and Recidivism: a realist inspired evaluation

**Monday April 16<sup>th</sup> 2012**  
**2pm - 5pm (followed by drinks reception)**

**Iris Murdoch Building**  
**University of Stirling**  
**Stirling**  
**FK9 4LA**  
**(video-linked to Glasgow, Edinburgh, Stornoway and Inverness)**
