

Breathing Space: a week on Iona for LGBTQ+ folks and allies

spending time together, exploring their own identities and the Iona Community's work for social justice.

There's plenty of time to discover community over meals, to laugh and relax outdoors, to engage in creative activities, to explore this beautiful island with its white sandy beaches and profusion of wildlife, to read or write in the library – or simply be quiet in the peace of the church or the landscape

It would be really helpful to know if there are staff and students who'd like something like that next year – then we can plan to do it for sure. Please feel free to send the info around!
