

University's Carbon Sequestration Plans – Climate Action Events

In line with our commitment to social and environmental justice, we would like to share some events being run by the Department for Social Responsibility and Sustainability (SRS). These sessions aim to inform staff, students, and alumni about the University's carbon sequestration plans: offsetting our carbon emissions by creating woodlands and restoring peatland here in Scotland.

These events present a unique opportunity to learn more about how these initiatives will benefit not just the environment, but also learning, research, and teaching at the University.

1. **Central Area:** Tuesday 6 June, 1.30pm to 2.30pm
2. **King's Buildings:** Wednesday 7 June, 1.30pm to 2.30pm
3. **Online:** Thursday 15 June, 11am to 12pm
