New! LGBT Magazine Archive

I’m happy to let you know that the Library now has access to the LGBT Magazine Archive from ProQuest until 31st December 2021. This primary source database is a searchable archive of major periodicals devoted to LGBT+ interests, dating from the 1950s through to recent years.

You can access the LGBT Magazine Archive via the Newspapers, Magazines and Other News Sources guide. Or you can access it via the Databases A-Z list. Individual magazine titles will be added to DiscoverEd this week.

The archives of magazines serving LGBT+ communities are of central importance for research into LGBT history, often being the principal sources for the documentation of gay cultures, lives, and events. Researchers consulting these publications may trace the history and evolution of myriad aspects of LGBT history and culture, including legal contexts, health, lifestyle, politics, social attitudes, activism, gay rights, and arts/literature. Despite the value of these publications for research, however, locating the backfiles in print format has been difficult for researchers as they have not typically been collected by libraries.
including many of the longest-running, most influential publications of this type.
This includes the pre-eminent US and UK titles – The Advocate and Gay News –
successor publication Gay Times, respectively. As well as titles such as The Pi
LGBT Magazine Archive provides indispensable material for dedicated LGBT studies and broader gender/sexuality research, while also catering to interests in many related fields, such as 20th-century history, sociology, health studies, political science, and psychology.

You can access the LGBT Magazine Archive via the Newspapers, Magazines and Other News Sources guide. Or you can access it via the Databases A-Z list. Individual magazine titles will be added to DiscoverEd this week.

You can find more databases and other resources related to LGBT+ and gender studies on the Gender Studies guide.
We have access to LGBT Magazine Archive via a larger subscription deal with ProQuest that is active until 31st December 2021. More information about the huge range of resources that will become available through this deal is coming soon!

Access is only available to current students and staff at the University of Edinburgh.

Queen Margaret University
LGBT+ Staff Network

I joined QMU last year, but was disappointed that there was no LGBT+ Staff Network. I learned that the previous network fizzled out several years ago, but after speaking with colleagues, we decided to revive it.

We have around 10 members, including one person who is not
queer themselves, but is the parent of a queer person. We’ve only met once in person, but have been holding monthly lunchtime videocalls since March.

We’ve now got an email address- LGBTStaff@qmu.ac.uk, Twitter @QMULGBTStaff and an Instagram @QMULGBTStaff of which you are most welcome to follow/contact us through, though these are very bare-bones at the moment. We are working on getting a rainbow logo and webpage set up.

Looking forward to meeting you at some point in the future!

Co-Chair

The Book of Queer Prophets

The Book of Queer Prophets, 24 short stories on sexuality and religion curated by former Stonewall CEO Ruth Hunt, will be published on 28th May.

The publisher Harper Collins advertised on Twitter if anyone would like a proof copy and we were lucky to receive one.

SPN volunteer Gina Roberts (who submitted her PhD on 30th April!) wrote this insightful review: https://www.ginamaya.co.uk/books-music/the-book-of-queer-prophets-curated-by-ruth-hunt.html and if you’d like to borrow it, get in touch.
At previous events we partnered with Lighthouse Bookshop and they are doing deliveries, if you’re interested in buying a copy:

**STEM Equals at the University of Strathclyde**

Like our sister project [Evidence Base](#), led by the University of Edinburgh, [STEM Equals](#) at the University of Strathclyde is one of eleven EPSRC funded projects under the [Inclusion Matters](#) initiative.

STEM Equals is a four-year research and impact project focused on creating more inclusive STEM communities for women and LGBT+ people in both academia and in industry.

Through an intersectional lens, the project examines working cultures within higher education and industry to understand specific challenges and to develop new initiatives to address systemic inequalities.

The project is funded by EPSRC with matched funding from the University of Strathclyde. The project industry partner is BAM Nuttall Ltd.

Read our latest newsletter [Re/Act: Updates from the STEM Equals project](#).

Sign up to join us for our free event on 21st October [LGBT in HE: Building networks, making change](#) (spaces limited;
registration required).

Stay tuned for soon-to-be-announced details for a special LGBT+ STEM Day event on 18th November.

LGBT+ Network of Networks in Higher Education’s Networks Got Talent Showcase: Derek’s Entry

The LGBT+ Network of Networks in Higher Education (@LGBTNoNHE) have an initiative to showcase the talents and skills of members, and to bring joy to LGBT+ communities during the current testing time. LGBT+ individuals are more likely to live alone or may not situate in an inclusive domestic environment. #NetworksGotTalent

Enjoy the talents of Staff Pride Network Meeting Secretary Derek Williams and his improvisation on piano of The Village People’s YMCA and Macho Man. Check out his own Derek Williams YouTube channel for much more. We hope this brings a smile to your face while we all do our best in isolation and socially distancing.
Chase the Rainbow

With social distancing and lots of places including many schools closing because of coronavirus, children are connecting with each other by painting colourful rainbows and putting them in their windows for others to see.

It’s thought the rainbow trend started in Italy but has rapidly caught on in other countries including the US, Canada, Spain and now the UK.

Stay safe and well,

Danielle

Register of Expertise

The Staff Pride Network is creating a subject specialist database bringing together scholars – PhD students, early career researchers, and established academics – working on LGBTQIA+ topics, reflecting the combined strength of the University of Edinburgh expertise in the field.

What is the Register of Expertise?

The register of expertise will be a database of scholars engaged with LGBTQIA+ research. The register will aim to enable knowledge exchange and facilitate
contact between those with common interests or areas of research. The database would be comprehensive in terms of disciplines and research approaches.

The aim of the database is to contribute to the sharing of research and ideas across the university and beyond. This could be supported through a variety of both on and offline spaces. The base for this will be an online register of expertise in LGBTQIA+ research. Possibilities for development could be a regular feature in the Staff Pride Network Blog (‘LGBTQIA+ research in focus’), a ‘Staff Pride Network Seminar Series’ to disseminate completed research and work in progress.

The information to provide will be: contact details, areas of interest, research (relevant books, publications, projects, other outputs), and a summary of current work.

How to join?

If you are a scholar working on any aspect of LGBTQIA+ research and are interested in joining the ‘Register of Expertise’, please let us know by emailing our Research Officer – Edgar Rodriguez-Dorans at edgar.rodriguez-dorans@ed.ac.uk
